Archery on Big Timber Ranches

The Big Timber Ranch hunts are located just minutes outside of Big Timber, MT on thousands of acres of rolling hills with flowing creeks. Elk and deer roam the countryside in healthy populations. Most of the Big Timber ranches are hunted with a General License. A few locations require a special permit for elk. One such ranch is 20,000 acres of rolling hills just twenty minutes north of Big Timber in the foothills of the mountains. Though this is a special permit area for elk, if you are lucky enough to draw a permit, there are opportunities for trophy bulls. All antelope hunts require a special permit. We take a limited number of hunters to provide the best hunting experience. Our ranch hunts are fully guided, spot and stalk hunts. We use 4x4 vehicles to access the ranches we hunt. Accommodations include a comfortable lodge in Big Timber with all meals provided.

Hunting Licenses And Permit Information

(For more information on license & permit prices refer to the General Hunting Information Packet or go online to Montana Fish Wildlife and Parks, www.fwp.mt.gov.)

General Non-resident Elk and Deer Licenses

Resident and Non-resident hunters will need general licenses for elk and deer for most of the ranches we hunt. These include the Lazy EL Ranch and the majority of the Big Timber Ranches. However, we do have the opportunity to hunt a few special elk permit ranches around Big Timber. Hunters who want to hunt the special elk permit ranches will need to apply for an elk permit for those areas. (Special Permit Areas listed under hunt dates in the Big Timber Ranches offerings.)

Special Permits Elk and Deer

To apply for a special elk or deer permit you must first apply for a general elk/deer license through the draw. You can apply for both the general draw and a special permit at the same time. Remember most our private land ranches are hunted with a general elk/deer license, so you will still be able to hunt if you do not draw a special elk permit area.

Bow and Arrow Licenses

Archers will need to purchase a bow & arrow license. You can purchase your bow & arrow license at the same time you apply for the general draw or you can wait until you draw to purchase it. However, if you apply for a special elk permit area at the time you apply for your general license then you will be required to provide a bow and arrow safety certificate or a previous bow and arrow license from another state before you can apply for the special elk permit. See details on options under "be aware of the following two requirements." If you are already in the Montana system as an archery hunter, then you will not be required to provide this information.

Hunter Education Requirements

Before you go online to apply, be aware of the following two requirements.

Hunter Education Requirements for Archery & Rifle Hunters - If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a hunting license, whether the hunting licence is for the rifle or archery season. **When you apply online for your license, you will need to have your**

ABOADVENTURES.COM

certificate number, the date you received it and the state in which you received it as proof that you have completed a hunter safety course.

Bow Hunter Education Requirements

To purchase a Montana Bow and Arrow license, a hunter must: provide a certificate of completing the National Bowhunter Education Foundation Course, or provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province.

For more information about licensing and how to apply for the draw, see the General Hunting Information Packet.

Licensing Process Summary

Our ABO staff is ready to assist you with any questions you may have about hunting in Montana with our outfit. Our office will walk you through each aspect from booking, to licensing to arrival and everything in-between.

Special Note: As a service to our booked hunters, we do all their online license applications due to the complexity of the licensing process in Montana. This takes the burden off of them and helps alleviate errors in license and permit choices.
