Cast into the wilderness.

Any angler visiting Montana, will not want to miss the opportunity to experience a few days of backcountry fishing. This 3-day, 2-night backcountry guided fly-fishing adventure in the Absaroka Beartooth Wilderness allows an angler to get off the beaten path to do some mountain fishing but, get back in time to fill their Montana vacation with other activities. The 1.5 to 2-hour horseback or ATV ride to camp allows time to fish the afternoon we arrive and the morning before we depart. The day in-between we pack a lunch and stay out all day fishing the creeks and high mountain lakes of the wilderness.

Evenings include relaxing by the campfire, sharing stories under a star-filled sky, delicious meals provided by our camp cook, and comfortable tent accommodations. If you are here to experience Montana, this is a trip you will remember.

Our guides are well acquainted with the areas where you will be riding, hiking, fishing, and exploring. They are experienced outdoorsmen and flexible to your needs. Whatever your endeavor, our guides are there to assist you every step of the way.

Our string of horses and mules are dependable. Previous riding experience is helpful but not required.

The weather in July and August is usually very comfortable. Daytime temperatures range from 60 to 80 degrees. On clear nights the temperatures can range from 20-40 degrees. However, the Absaroka-Beartooth Wilderness weather is variable. Prepare for the changing mountain weather. Be sure to check ABO's suggested Clothing & Equipment List.

The most important thing to remember is a great attitude. Be ready to enjoy an adventurous trip and the special things the mountains have to offer.
