License & Permit Information

In Montana, non-resident elk and deer licenses are available through a draw system.

You can go online to Montana Fish Wildlife and Parks, www.fwp.mt.gov, to learn more about drawing elk and deer licenses. Do not be discouraged; your chances of drawing a combination elk/deer license are quite good. Buying preference points will improve your chances of drawing. The preference point system is explained on MFWP website. You are also allowed to apply as a “party” for the draw if there are two or more of you wanting to hunt together. We are happy to provide clarification or answer any questions you may have about licensing, preference points and party application.

Applications for the draw for General Elk/Deer Licenses and Special Elk/Deer Permitted areas can be made online through Montana Fish Wildlife & Parks, www.fwp.mt.gov, (406-444-2950). The application deadline for non-residents is March 15th for both the General Draw for elk and deer and the Special Permit Draw for elk and deer. Residents can purchase their General Elk and Deer licenses over the counter. If residents want to apply for special elk and deer permit areas they must also apply by the March 15th deadline. The drawing takes place mid-April. MFWP’s website explains in detail about applying for elk and deer licenses. Do not hesitate to call or email us if you have any questions. Most of our elk/deer hunting can be done with a general license, but, we do have some excellent permitted areas for elk.

Applications for bighorn sheep, moose, mountain goat and antelope permits can be made online through Montana Fish Wildlife & Parks, www.fwp.mt.gov, (406-444-2950). Typically, the applications for these species are not available online until after the March 15th deadline for elk and deer. **The application deadline for these permits is May 1st with the exception of antelope which is June 1st.** The drawing for bighorn sheep, moose and mountain goat takes place the 3rd week in June. The drawing for antelope is in mid-July. **These deadlines apply for both residents and non-residents.**

Archery Season

Season dates subject to change due to MFWP release of 2019 Hunting Information in February.

We offer wilderness and private land archery hunts. **Archery only season begins the 1st Saturday in September and runs through mid October.** If you are an archer, we can show you some excellent archery country. Archery hunters must have a "bow and arrow license" for the archery only season. To purchase a bow and arrow license, a hunter must be able to provide a certificate showing completion of the National Bowhunter Education Foundation Course, OR provide any prior years' bow hunting/archery stamp, tag, permit, or license from any state or province. If you can no longer produce this license, you may sign an affidavit stating that you have previously held such a license for a \$5.00 fee. The affidavit is available at all FWP License Providers. The affidavit entitles you to purchase a current year's Montana bow and arrow license.

Archery Only Season Dates for Elk/Deer: September 7 - October 20

Archery Only Season Dates for Antelope: September 7 - October 11

Archery Hunting in the Wilderness - Elk, Deer, Black Bear, Wolf

ABO's archery wilderness hunts are run out of our backcountry tent camp, Independence. Independence is located up the Boulder Drainage, 55 miles south of Big Timber, MT. These are 7-day hunts (day in, 5 days hunting, day out). Our permitted wilderness archery areas are hunted with a General Elk/Deer License. For more information about dates, prices and offerings for our wilderness archery hunts, refer to the Wilderness Hunting Information Packet.

Archery Hunting on Private Land - Elk, Deer, Antelope

ABO's private land archery hunts are on select ranches near Big Timber, MT and the Lazy EL Ranch in Roscoe, MT. These ranch hunts are 7-day hunts (arrival day, 5 days hunting, departure day). Most of the Big Timber Ranches are hunted with a general elk/deer license. We have the opportunity to hunt a few ranches around Big Timber that are special elk permit areas. If you are interested in hunting one of these ranches you will need to apply for a special elk permit at the same time you apply for your general elk/deer license. Do not worry, if you do not draw a special elk permit, we still have plenty of ranches you can hunt with your general elk/deer license. Lazy EL Ranch hunters will only need a general elk/deer license to hunt on the Lazy EL. Accommodations are in cabin or lodge. For more

information about our private land hunt offerings, dates, special permit areas and antelope hunting, refer to the Private Land Archery Hunting Information Packet.

From September to mid-October ABO operates two backcountry tent camps, Hellroaring and Independence. Hellroaring is located in Bull Moose Meadow, 8 miles north of Yellowstone National Park. Independence is located 55 miles south of Big Timber at the head of the Boulder River. Our backcountry camps are some of the best in Montana including comfortable accommodations and a great cook. During the general season, which begins in late October, we hunt in the backcountry from a tent camp at Independence or from a lodge bordering the wilderness hunting areas.

Fair chase hunting on private ranches with ABO offers our hunters a unique variety of species in distinctive settings. The opportunity to hunt elk, mule deer, white-tail deer, antelope, black bear, duck, goose and turkey is provided to a limited number of hunters. You can choose to hunt on the picturesque Lazy E-L Ranch (www.lazyel.com) just outside Roscoe, Montana or a variety of select Big Timber Ranches which include a trophy opportunity elk and deer ranch. ABOADVENTURES.COM

The MOGA Hunter/Angler Defense Fund

In 2012 Montana Outfitters and Guides Association established the Hunter/Angler Defense Fund to ensure that non-resident sportsmen would be able to continue to have the opportunity to hunt and fish in Montana. As members of MOGA, we believe our establishing the Hunter/Angler Defense Fund (MHADF) is the best way to support our industry in the fight for your right to hunt and fish in Montana. When you book a hunt with Absaroka Beartooth Outfitters, \$50 of the cost of your hunt goes to the MOGA Hunter/Angler Defense Fund. Thank you for your participation!

The following is information provided by Montana Outfitters & Guides Association

Hunter/Angler Access Defense Fund: Outfitters Defending Nationwide Right to Hunt and Fish in Montana

“In a civilized and cultivated country, wild animals only continue to exist at all when preserved by sportsmen. The excellent people who protest against all hunting and consider sportsmen as enemies of wildlife are ignorant of the fact that in reality the genuine sportsman is by all odds, the most important factor in keeping the larger and more valuable wild creatures from total extinction.” - Theodore Roosevelt

The MOGA Hunter/Angler Defense Fund (MHADF) was established to ensure that non-resident sportsmen will continue to have the opportunity to hunt and fish in Montana.

Trophy hunting and sport fishing, particularly by non-residents, is under increasing pressure in Montana from radical groups both within the state and animal rights activists outside of the state. Although these groups differ in their composition and tactics they both seek the same outcome; reduced hunting and fishing opportunity. The in-state contingent, who purport to be “sportsmen” seek to fracture the hunting and angling community along lines of residence and then significantly restrict non-resident hunting and fishing opportunity. The anti-hunting group just seeks to reduce hunting opportunity and will take what gains they can. In both cases, success is measured by a net loss in opportunity in Montana. Unfortunately, they are both making gains.

ABOADVENTURES.COM

The anti-hunting pressure from the “anti-everything” organizations is strong and well organized. They have unlimited resources and are using new strategies and building alliances to lobby their agendas. Their relentless efforts to prevent delisting of wolves and grizzly bears and thwart effective and professional management for these species are but one example.

Fringe groups, led by the Montana Wildlife Federation, believe that outfitting services equate to the commercialization of wildlife and profess it to be the same as the outlawed practice of market hunting of years ago. They claim that fees paid for Outfitter services, leasing of land for quality hunting and fishing access, and the purchase of outfitters services for fishing constitute a breach of the Public Trust and that jeopardizes the public’s opportunity to enjoy the natural bounty of Montana.

They see reducing the guided non-resident opportunity as a means to enhance their personal opportunity at the expense of others. They ignore the huge contribution to Montana’s wildlife and fisheries management system that non-residents make and the vital economic contribution they sustain. Their tactics of misinformation and fear mongering fracture and weaken the overall hunting community; jeopardizing funding for effective management of natural resources in Montana.

Unfortunately, much of the public are misinformed or under informed. As hunters and anglers, we must be vigilant and diligent about relaying the benefits of hunting and fishing to the 70% of people who sit “in the middle”. MOGA will continue to take the lead in supporting sound, scientifically based resource management, and our members will continue to serve as active stewards of Montana’s natural and cultural heritage.

MOGA is the only organization within Montana that is dedicated to preserving sporting opportunities for nonresidents, including the opportunities for guided hunts, floats, and fishing trips.

If we want hunting to be around for future generations we must have our story told; that hunters and anglers, regardless of where they live, are the true conservationists because hunters pay for conservation and have willingly done so for years. It is a certainty that our opportunity to hunt and fish will be lost if we are fragmented by where we are from, the equipment we use, the species we pursue or the reasons we hunt.

ABOADVENTURES.COM

About the MOGA Hunter/Angler Defense Fund

MOGA members charge their sportsmen clients a \$50.00 fee. This contribution is collected by the outfitter, held in-trust for MOGA, and remitted at year end.
